

# CAMPILARO PYRENEES

FROM 23TH to 25TH JULY 2017 IN SAINT-LARY SOULAN

Here comes the third edition of the CAMPILARO Pyrenees.

Our cyclo sportive event has now grown from national to international since Spain is now part of the Campilaro challenge.

A completely new route around three host cities, Saint-Lary Soulan, Luchon, Vielha in the Val d'Aran and always the same desire, to introduce you to the legendary Pyrenean passes.

- **Those famous passes climbed in major professional events** like the Tour de France, the Vuelta or the Route du Sud ... what would indeed these great tours be without these roads once carved into the mountain to link the valleys and which are now at the heart of the legends of the sport.
- **We can't forget either the less publicly lauded passes, away from the mythical roads but equally grandiose in terms of difficulty or aesthetics.** These "new" mountain roads have inspired us a lot of emotion during reconnaissance trips. For instance the climb to the Hospice de France (11.6 km at 6.5% average) is a raw, wild route, with stretches of 13% to arrive to a place that made a mark in history. Indeed it was once used during the second world war, by refugees fleeing France to escape the STO and join the Free French Forces (RECO See our video of this first step in the Gallery section). Besides, the Port of Bonaiga, 2072m (23 km from Vielha 5% average), the roof of the CAMPILARO 2017.

**A new format in 4 stages over three days** has been developed. During the second day there will be 2-half stages starting in the morning with the steep climb up to superbagnères (18,2km 6.3% average) in the footsteps of two great legends and Tour winners, Federico Bahamontes (1962) and Bernard Hinault (1979).

**The race is human-sized, an ideal mix of sport and conviviality. Only 198 bibs are available!**

CAMPILARO 2017 is to take place from 23rd to 25th July... a total of about 370 kilometers and 8,300 meters of positive elevation changes. Arrivals are scheduled for Saturday, 22nd July in Saint-Lary.

The route includes 7 major passes: **Port de Bales** (1,755 m), **Hospice de France** (1,385 m), **Superbagneres** (1,800 m), **Col du Portillon** (1,296 m), **Port of Bonaigua** (2,072 m), **Col de Peyresourde** (1,569 m), **Col d'Azet** (1,580 m).

**All stages are supervised and secured. Two sections by stage will be timed resulting in classification (see the « race » section).**

The CAMPILARO Pyrenees is open to all cycling enthusiasts, race riders and tours riders, licensees and non-licensees, aged 18 and more ... All participants can register solo or ... as a TEAM and aim to obtain the **status of Finisher!**

A final note to say that we remain faithful to our entire organization team. Bikers, doctors, timekeepers, caterers ... have already all (re) signed for 2017. They are waiting for you (see Video in the « Galleries » section)!

**Join us.**
