CÉVENNES

“Because after the finish all the suffering turns to memories of pleasure, and the greater the suffering, the greater the pleasure.” Tim KRABBE, "The Rider", 1977.

The **TEAM CAMPILARO** Association, a member club of the French Cycling Federation, organises every year in July one of the rare French stage cyclosporives: The CAMPILARO Pyrenees.

Boistered by this experience, we offer you a final breakaway to end your season.

The Cévennes are the ideal playground at this time of the year (September). They abound with deserted roads, wild passes, narrow valleys and majestic causses. The ascent of Mont-Aigoual, also used by the riders of the Tour de France 2020, will for sure, mark your stay.

An event which will be in cycling track mode, without a stopwatch (except for stage 4 in the footsteps of Tim KRABBE) with not other stake than the pleasure of riding above all else.

Come and take advantage of our experience in event organisation, combining quality of service and warm hospitality: signage, motorbike supervision, refreshments on the stages, post-race lunch, mechanical assistance, medical cover, massages...

Alone or accompanied, let yourself be carried away by the spirit of this territory and the imagination of TIM KRABBE, the Dutch author who popularised the values of cycling on these roads.
